

Leading Change

This masterclass will provide change leaders with the latest tools and techniques for effectively managing change using an evidence-based approach. This highly interactive session will provide participants with hands-on experience in navigating change, overcoming resistance, building momentum, and managing success and failure.

Recommended audience

This masterclass is designed for:

- *Experienced change leaders at the tactical or strategic level who want to learn about the latest trends in change management and ways to better navigate change*
- *Managers and leaders who are exposed to constant change*

Key benefits

By the end of this masterclass, participants will be able to:

- Identify the various types of change and the processes to manage them
- Recognise the differences between resistance and readiness
- Manage energy and engagement
- Apply experience with success and failure to lead change effectively

Topics to be covered

- Navigating change
- Resistance and readiness
- Energy and engagement

Length of session

One half-day of combined short interactive lectures and group discussions
